

Human Autotaxin

Recombinant Mouse Monoclonal Antibody, 2C8

Catalog Number: 22770

Size: 100 ug

Host: Mouse

Isotype/Preparation:

Mouse IgG1; Affinity chromatography on a column with immobilized protein G.

Immunogen:

Synthetic peptide conjugate with KLH (targeting the LPA transportation channel).

Species reactivity:

The antibody detects human autotaxin.

Formulation:

Solution in PBS. Store at -20°C . For long-term storage, aliquot and freeze at -70°C . Avoid repeated freeze/defrost cycles.

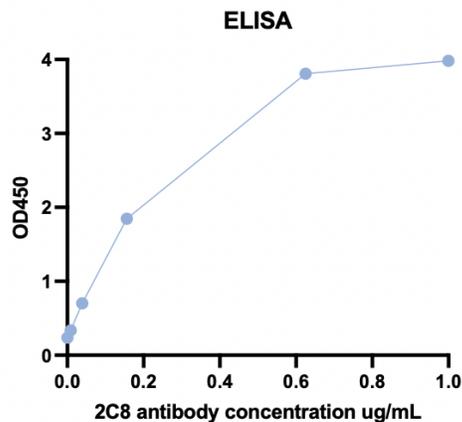

Application/Usage:

ELISA, Western blot

Quality Control Test:

BCA to determine quantity of the antibody.

The antibody's binding activity is confirmed by ELISA against recombinant human autotaxin protein ($1\ \mu\text{g/mL}$), ensuring specificity and lot-to-lot consistency. A representative binding curve is shown below.
